Balief That Coal Strike Will Be Amicab y Settled.

SHAW RELIEVING THE MARKET

Report That He Will Make Further Large Gav. rnment Bond Purchases. Call Loans Opened at Nine and Fell to Five.

NEW YORK. Oct. 1s.—Further progress was made toward a higher level of prices in the stock malket to-day, a though there were no new actual developments in either the monetary or the coal strike situation to indicate any material change in conditions. Neverthe-ess, the feeling was prevaient that the coal strike would reach an early amicable end, and that measures are to be taken by Secretary Shaw that will shortly relieve the present stringency of the money malket. His action was said to be in the nature of further large Government bond purchases, various interests to be credited with hoding large amounts which would be shortly turned in. The sums ramed ranged from \$10.00,000 to \$30.00.600, and the report was vigorously circulated throughout the street. Whether there was any foun-fation or not in the rumor the money market reflected greater case than in some time, call loans opening at 9, the highest. and shading gradually to 5 per cent.

Considerable attention was given to the report that there would be certain modifications in the terms proposed by the coal operators for a settlement of the strike, which would insure less opposition from the miners in the points contested. Nothing definite developed regarding this report, though fit was colored to some extent by the heavy buying of Reading, which showed considerable strength throughout the day. The dealings were smaler than usual in other stocks of this class, and there was a disposition in general to await active developments before pursuin active operations in this quarter. Recent speculative leaders among the Grangers, Pacifics and Southwestern stocks were bought freely, and the entire market showed decided strength at one time or another. St. Paul. Louisville and Illinois Central were conspicuous in the day's dealings and made exceptional advances of 2 points. Prices esswhere neveraged a point pretty generally with quite an active demand in numerous specialities. The Gould stocks as a group received the most consistent support, the heavy buying of Missouri (By Associated Press.)

ceived the most consistent support, the heavy buying of Missouri Pacific having a systaining effect on the lower-priced

a systaining effect on the lower-priced stocks.

Training lacked the breadth and activity of the early operations of the week, but there was a marked undertone of confidence in the general situation.

Steriling exchange pates made a further decline to-day, and there was some talk of the likelihood of early imports of gold. The payment to-day of the second installment of \$11,000.000 on the Louisvile and Nashville account was looked to as contributing toward a further ease in the money situation, as the funds will probably be redistributed again through the usual banking channels.

In the late session stock trading was virtually stagnant at times, and especially when the market was under pressure from realizing sales. There were occarional bursts of activity, and these as a rule were marked by advancing prices. Profit-taking sales outweighed the buying orders in the final hour, and there were a number of important reactions which were not checked by a final upturn in St. Paul to the best. The closing was duit and easy.

The bond market was dull to-day, but displayed a firm tone. The total sales, par

and easy.

The bond market was dull to-day, but displayed a firm tone. The total sales, par value, were \$2.475,000.

The total sales of stocks for the day were 601,700 shares.

MONEY AND EXCHANGE—Money on call firm at 509 per cent.; closing bld, 607 per cent.; prime mercantile paper, 6 per cent. Sterling exchange weak with actual business in bankers' bills at 14.85.375 for demand and at 14.825.264.82.375 for skxty days; posted rates, \$4.834.94.864; commercial bills, 14.81.754.82.25. Bar silver, 504; Mexican dollars, 40. Government bonds firmer; State bonds inactive, railroad bonds firm.

COTTON MARKETS. NEW YORK, Oct. 15.—The cotton market opened steady, 3 points higher on covering and what appeared to be Wall Street buil support, based solely upon reports of frost in Northern Alabama, Northwestern Michigan and Georgia. The Liverpool cables wer edistinctly disappointing, and the movement of the crop was large.

Not long after the call there was a marked change in the temper of the market and early buyers turned sellers. The English market private cables were discouraging to longs here, and the news from the crop country told of no damage by the cold wave and splendid growing conditions over the entire southern hall of the crop country. The late forecast promised warmer weather for the miner.

promised warmer weather for the north-ern section.

Wall Street failed to support the winter ern section.

Wall Street failed to support the winter months to the extent expected, and the South was a free seller. Before mid-day the market was weak and very feverish with prices well below the close of yesterday. Then came a slight and briet rally on room profit-taking soon followed by more pronounced weakness than before. For the balance of the afternoon the liquidation and bear pressure were prominent, and the news on the whole was decidedly against improvement. Prices dropped point by point with the close at about bottom, a net loss of 6210 points. The tone was barely steady. Total sales were estimated at 300,000 bales Clearances for export were large. New Orleans and Galveston were heavy sellers of the winter and spring months in the last hour, and there were liberal sales made for the European accounts as well.

It is used in the palace and the hovel. It is used for heating and for lighting. It is the basis of many of our most val-

If this be so, there can never be over-roduction of oil. And whoever becomes a producer by buying the stock of an oil company, which has good paying wells, is certain of a steady, large and safe necone.

is certain of a steady, large and sale nome.

The Richlands Oil Company of Kentucky offers just such an investment, having every factor that makes success a certainty. An abuncance of territory 10.107 acres of land in the oil district, wells already sunk of great productiveness, and others being bored. A safe and economical business management, and the Standard Oil Company hastening to our door with its the line and their tanks to be ready by October 15th instant.

The increase in the value of our leases. The increase in the value of our leases makes them worth the par value of our stock. With the completion of each well our stock will be raised 10 cts. a share. We have ten new wells underway. One will be finished in ten days.

Our stock is \$1.00 par, selling now at 10 cts. The dividends in six months will equal its present value.

PETERSBURG LINE HAS BEEN BOUGHT

Absorbed by the Passenger and Fower Co. and Cars to Run Into R chmond.

Having returned from New York city early yesterday morning, Mr. Fritz Sitterding, president of the Virginia Passenger and Power Company, confirmed the purchase of the Richmond and Petersbu g Electric line, which operates between Manchester and Petersburg, by the corpo-ration of which he is the chief executive. The price has not been made public.

Mr. Sitterding was seen yesterday by a reporter for The Times, and asked regard ng a rumor which has been current for several days to the effect the the Petersburg line had been absorbed by the Passenger and Power Company.
"Well, that's right," replied the presi dent. "The deal has been closed, and the

property will come into our possession or he 10th of November." Other than this, Mr. Sitterding refused to talk. He would not divulge the pur-

chase price or speak of the probable changes in the management. Other offi-cals of the company were equally as on-committal. Regard'ess of the refusal of company

officials to talk concerning the change in management of the newly acquired line it has been learned that General Manager Huff will have supervision of the road in this same connection, it is stated that instead of stopping cars in Manchester it is the intention of the Passenger and Power Company to have the Petersburg cars arrive and depart from the corner of Seventh and Broad Streets, Richmond using the regular Manchester line for

Water Committee

The Counc'l Committee on Water broke the record for speediness last night, be ing in session a fraction over three min utes. . True, no matters of important were considered, only the pay-rox being passed upon, and a few bills audited This however, uses up a half hour of dinarily, but last night the members ha Horse Show on the brain. Hence the hurry.

DR. MORRISON TO PREACH HERE

Distinguished Speaker to Hold S.rv.ces in hichmand.

Ratigious Lems.

The Rev. H. C. Morrison, D. D., of Louisville, Ky., one of the most dis-tinguished speakers in the United States, will hold a series of revival services in this city beginning on Wednesday of next week. The meetings will take place at Trinity M. E. Church The membership of Trinity, under the dilection of its official board and pastor, Rev. George H. Spooner, has invited the other churches on the hill to unite with

then in a week's meeting, and many have responded.

A large platform will be built out in front of the pulpit for the accommodation of the choir, under the direction of Professor Mitchell, and la.ge and broad p.a.ne are be ng la.d for the work. The church will hold about a thousand people, and every effort will be made to make these who attend as comfortable as possible.

In the religious Herald of this week In the religious Herald of this week there appears a long editor al in reply to the kev. Mr. Cranfill, a Baptist editor of Texas, who recenty lamented the fact that the Herald puts in so much time in attempting to annihilate fundamental principles in Baptist polity. Mr. Cranfill urged the Baptists in his section to stick fast to the faith of the fathers, "and saal our faith, if need be, with our blood."

The Herald goes after Mr. Cranfill this week and calls him a superfluous martyr. "We say again." declares the Herald, "that there is not the slightest necessity for the shedding of Bother Cranfill's blood. If, however, he could pour a little oil on the troubled waters the situation might be considerably improved."

R. Stuart the evangelist who succeeded in stirring up Richmond from end to end, has been offered, but has declined. \$7.000 and a home for a year's work stumping the State of Ohio during com-ing elections. The proposition was made by the Anti-Saloon League which is very strong in the State.

The twenty-fourth annual meeting of the Woman's Foregn Missionary Soliety of the Virginia Conference will be he'd next week in the Broad-Street We hod'st Church, of this city. The opening sess on will be held at 8 o'clock Treeday evening.

Miss Elia Coffey, a Methodist missionary in China, expects to be present at the meeting.

The work of the winter is getting under way at the Methodist Mission, corner of Nineteenth and Main Street. Services are Nineteenth and wain Street. Service are he'd in the chanel room every night this week to inaugurate the campaign. The n'ght school, under Mr. Lew's Judkins, opened on Monday night. The loaging and lunch rooms will both

oren this week so that by Monday the 20th, the superintendent. Rev. Goorge H. Wiley will have this most important work among the needy opened in its most important features. The Feast of St. Anthony of Padia

preached a short sermon.
